

A Paying Load of "Spuds."

Meers. Wm. and Henry Hardin took a load of Irish potatoes to Granite Falls last week, and received for them \$2.25 per bushel, the load netting them cash to the amount of \$125.00. Mr. Hardin remarked that this seemed an excessive price for potatoes, but when you consider the fact that I paid \$2.10 per bushel for corn while on the trip, and other things correspondingly high, the price received by him meant but little more than when prices were normal.

Proper Food For Weak Stomachs.

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect.

MARSHAL JOFFRE EAGER FOR U. S. FLAG IN FRANCE.

Will Hasten End of War and Cement Friendship With America. Washington.—Marshal Joffre told the people of America through Washington newspaper correspondents who called upon him, that France cherishes the confident hope that the flag of the United States soon will be flying on her battle lines.

Victories sure to be won by the soldiers of the two Republics, once more fighting shoulder to shoulder for liberty, declared the hero of the Marne, will "hasten the end of the war and tighten the links of affection and esteem which have ever united France and the United States."

The marshal, replying to questions, said he deemed it advisable to send one American unit at a time to France rather than to wait for the complete equipment of a big army, because of transportation problems.

Marshal Joffre told correspondents that he did not think Americans now with the French army should be withdrawn to serve under the American flag except possibly a few specialists who might be useful in developing the training of the new American force. He paid hearty tribute to the valor of Americans now fighting in France.

American officers, he believed, were fully competent to train American men, and he gave it as his opinion that American army would develop rapidly.

Road To Happiness.

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

Glad to Learn Of It.

Coughs that follow LaGrippe, or any deep-seated cough, will wear down the strongest man or woman if allowed to continue; C. Smith, Augusta, Ga., writes: "I got one 25 cent bottle of Foley's Honey and Tar and my cough and cold is about well. I was glad to learn of a great medicine like that." Sold Every where.
